

FP14KAC-X

Four Post Commercial Alignment Lift (Closed Front / Cable Pull) 14,000 lbs. Capacity

The iDEAL FP14KAC-X 14,000 lb. Four Post Commercial Alignment Lift is a high-performance closed front, cable pull vehicle lift designed for Cars, SUVs, Vans & Trucks. The FP14KAC-X Alignment Lift comes standard with full width Rear Slip Plates, Turntables, Roll-Back Spacers & internal Air-Line Kit, while also applying the latest in design & safety features, such as narrow & wide runway mount positions, extended rise height, concealed hydraulic / mechanical cable lift system with slack cable safety devices and durable pulley & shaft design incorporating convenient grease fittings to extended life of the lift. Easy lift operation is provided with single point pneumatic lock release & high-quality DURO power unit, while providing additional safety & protection with self-chocking ramps and included wheel stops. The iDEAL FP14KAC-X modular design also provides the flexibility to extend the runways for aligning or servicing longer vehicles! The standard powder coat finish, 20" wide runways, adjustable lock stops for easy runway leveling and optional power unit mount positions complete the package for a premium, high quality alignment lift, all at an unmatched value!

Features

- 14,000 LBS CAPACITY
- HIGH PERFORMANCE COMMERCIAL ALIGNMENT LIFT
